A New Year, a New Shelter: the Path to "No-kill"

.We have been working very hard to implement new programs and expand existing ones for our local animal shelter to become a "No Kill Shelter". Ending euthanasia is not a matter of "if" but "when". We can do it today with your support. By going above and beyond the traditional call of duty at our animal shelter, we can offer a safe haven to our

community pets for as long as it takes for them to be adopted—if ever. No-Kill shelters never euthanize an animal unless it is a danger or is too sick to be treated. Any animal shelter can be a No-Kill shelter. Becoming a No-Kill Shelter only requires a commitment. A good start is to become a pet care attendant. Next,

open your heart and home to our shelter dogs, puppies, cats and kittens until they are adopted or transported to rescue organizations. Finally, get involved in our fundraising, pet education, public relations/community involvement, newsletter and flyer distribution, lost/found pet, etc.

Welcoming 2012 Properly

What better way to celebrate a successful year but by saying a huge and heartfelt thank you to everyone – FLAC staff, volunteers, community, and rescue organizations who have contributed so much to making such a powerful impact in 2011 at our local animal shelter. Volunteering goes to the heart of

what it means – to give your time, your skills and your enthusiasm for the benefit of others. Highlights of 2011 accomplishments – rescue and foster program, vaccination, pre-sterilization, cat habitat, bathing area, laundry room, outdoor puppy pen, Saturday shelter adoption, etc.

With your help, FLAC can ensure the "No-kill" status of our shelter and ensure little ones like this have a future.
